INSTITUTE FOR LEARNING & BRAIN SCIENCES
Copy Me
Find an object that makes a sound. Can you make the same sound? Record your answer here.

Copy Me
Copying silly sounds is a way for children to explore pattern and rhythm, which are key elements in language learning. Repetition and call-and-response helps children develop these essential skills.

Feel the Beat
Clap together! Can you keep a beat?

Bang the Drum
Pat your hand on different surfaces. Explore the sound they make! Did you discover a new instrument?

Bang the Drum
Anything can be a musical instrument! Experiment with different surfaces and materials. Notice how the sounds change, and point these differences out to your child.
Play it By Ear
Finding Math
Take Two!

Listen Up
Find a spot where it is safe to close your eyes. What do you hear?

Record your answer here.

In Tune
Hum your favorite song. Can your friend guess what song you are humming?

Tip Toe
Listen to your footsteps. Where are they the quietest? Where are they the loudest?

Sound Off
Find an object that makes a sound. Can you make the same sound? What parts of your body did you use?

Bounce Back
An echo happens when sound bounces back to us. Can you find a spot to make an echo? Be mindful of others around you!
